PENDLETON voted against and Sher man in favor of the tariff bill that reduces the tariff on wool.

SINCE Foraker proclaimed against the amendments we do not hear of him. Has he been taken off the stump?

Noves in his speech did not state that labor in free trade England was better paid than in any protected country of Europe.

GOVERNOR FOSTER has not yet looked up that little matter of \$200, owed by ex-Secretary Charles Townsend to the state of Ohio.

THE second amendment is being "worked" to make votes for the Republican ticket. Better stop it; it won't please Foraker and Sherman.

Had Senator John Sherman voted with Senator Pendleton, the tariff act reducing wool so much below woollen goods would not have passed. Wool growers should remember this fact, and stick a pin there.

GENERAL Samuel F. Cary will speak in the Opera House at Alliance, Saturday night, September 22. Gen Cary is one of the ablest stumpers in the country and our friends should turn out and

THE Massillon Independent is now an Andrew Roy organ. It was not so in 1875, when Roy travelled the State for Governor Allen's re-election.

indrew Boy is a Scotchman born, erving the power whomse he gets his corn; state the people are now through with Foster & Co. and say the Republican party must go!

"I RECOMMEND A SUBSTANTIAL REDUCTION OF THE DUTIES ON SU-GAR, MOLASSES, SILK, WOOL, AND WOOLEN GOODS."-REPUBLICAN PRES-IDENT ARTHUR'S MESSAGE TO THE RE-PUBLICAN CONGRESS, WHICH ADOPTED HIS RECOMMENDATION AS TO WOOL.

THE Republican committee of Columbiana county think their candidate for sheriff drinks too much, and have ordered new primaries on the 22d to nominate a new man for the place. It is raising a big row, and it looks as if a Democratic sheriff might be the result.

REPUBLICANS long since abandoned the \$50,000 lie against Hoadly, but they now harp on what he didn't say at Zoar, namely; that "he wanted the vote of no man who favored the second amendment."

Of course the wise Republican organs treat these lies as realities and talk wisely of "the usual Democratic stupidity."

THE Jackson county defaulter, [M. C. Keenan, was a Republican'official, but the g. o. p. journals will not tell this sent the following telegram: very freely. If he had been a Democrat though, they would have sounded it

Kennedy, the bank defaulter of Youngstown, is also a Republican, and of good family, of course. Keenan defaulted for \$8,000, and Kennedy for \$18,000.

THE Republicans of Clinton county nominated a J. M. Chivington for Representative. He was a Colonel during the war, and was responsible for the Sand Creek massacre of friendly Indians, their squaws and children in November, 1864. The Democratic, papers of that section have been showing up his infamous character from the official records so thoroughly, that he on the 4th addressed a letter to his constituents, withdrawing as a candidate. After this, and when a day had been fixed a bottle. for nominating his successor, he with-

Attorney General Hollingsworth has written two letters concerning the vote on the Constitutional Amendments. In Kinley in; and also a directly conflictone he decides that in determining the ing-rule to count a Democratic Congressman elect in the Butler county district number of electors voting at any election, the names on the poll-books, and not the vote east for any particular can-

didates, must be counted. A voter, therefore, who scratches off all his ticket but the prohibition amend-ment, simply throws away his vote so far as candidates are concerned, with-outjany benefit to the amendment whatever. An elector may, if he sees proper, vote a blank ballot, and yet his name goes on the poll-books, and counts one in determining the number of votes cast, and neither of the amendments can be adopted without receiving a ma-

jority of this number.

In another letter, concerning printing the tickets, he says: I find nothing in the law to prevent party tickets from being printed, voted and counted with either or all the amendments thereon. For the convenience of voters, party tickets have generally been printed with all the amendments, followed separately by the words Yes"—"No," so that a voter may erase one or the other, as he may chose. This one or the other, as he may chose. This form has the advantage of treating all the electors fairly. It is strictly legal, however, to print party tickets with either amendment, followed by the word "Yes" alone, "No" alone, or by a blank space, for the elector to fill in with either. The form is not particular. It is important, however, that the tickets be printed so as not to deceive voters into printed so as not to deceive voters into voting for or against either amendment contrary to their wishes; fraud in this respect might vitiate the adoption of either amendment.

THE latest statement of the coin in the U.S. Treasury is bad for those journals that have been pleading for a suspension of silver coinage on the ground that silver does not circulate, the people do not want it and will not take it, and it is becoming a burden to the treasury The statement is as follows:

Gold enis and bullion. Silver dollars and bullio Practional silver coin... United States notes .\$404,286,62

There is nearly then twice as much gold packed away in the treasury as silver-and if it be true that silver remains in the treasury because the people do not want it, much more do they not want gold. Gold certificates outstanding amount to \$54,759,000, and silver certificates to \$75,000,000-nearly half as much more of silver paper as gold. These certificates represent so much coin circulating among the people; they serve all the purposes of good money, and are as useful as the coin itelf-nay, more useful, for they are convenient to carry about and coin is not.

THE Repository, Alliance Review and Massillon Independent, profess to be delighted with the Scott law; but if they favor prohibition they are against Scott's humbug.

The Scott law legalizes to the full, the sale of all intoxicants, every day and night of the week, and permits town councils to SUSPEND THE STATE SUN-DAY LAW so as to allow the traffic on Sunday.

The Scott fraud also allows town councils to prohibit the traffic entirely within their respective corporations. In townships, outside of corporations, however, no power exists to prohibit, so that, in towns where prohibition is enforced, saloons can be located just

The sham, fraud and utter abomination of the Scott law iniquity may thus be seen

THE Aliance Review is a Prohibtion organ, and parades second amendmentves. Nevertheless the Review still keeps Foraker up for Governor, although he has declared against both amendmenta?

Will the Review inform us how Eckley, Wood, Brown, and the others on the county ticket will vote on the amendments.

The Repository refuses to define its own position on prohibition and will not inform its readers where Eckley, Wood, Brown, and Co., stand. We appeal for personal liberty-the liberty right of every voter to know what part of a ticket he is voting for.

Where do the Republican leaders, andidates and organs stand anyhow?

WE are informed that Eckley, running on the Republican ticket for Senator, is a Government pensioner, not on account of wounds, or disease, or service, but because of a son dying in the service.

Sam Beatty's pension was got through other causes, just what we know not Both gentlemen are able-bodied and nealthy enough to run for office with both legs.

Not one of these gentlemen has deined himself on the second amendment. Will not the Repository kindly inform a urious public?

DEMOCRATIC papers over the state, without exception, condemn the Enquirer's unwarranted assault on Senator Pendleton. In response to the editor of the Steubenville Gazette, Mr. Pendleton

CINCINNATI, O., Sept 11. To H. H. McFadden, Steubenville, O.: Be assured I work earnestly for har-mony, and will support zealously and faithfully the regular ticket, from which meither persuasion nor abuse can swerve me. I stand faithfully by my expression in Columbus about a fortnight ago, that was telegraphed to and published in the Enquirer. George H. Pendleton.

To Keep the Blood Pure

Is the principle end of inventions and discoveries in medicine. To this object probably no one has contributed more signally than Dr. David Kennedy, of Rondout, N. Y., in the production of a medicine which has become famous under the title of the "Favorite Remedy." It removes all impurities of the blood, regulates the disordered liver and kidneys, cures constipation, dyspepsia, and all diseases and weaknesses peculiar to females. Sold by your druggist. \$1.00

THE DEMOCRATIC PLATFORM.

The Democracy of Ohio, in Convention assembled, hereby reaffirm the principles of he party, as expressed in primaries, State and National platforms, in regard to personal liberty, the true functions of government, and as embraced in the political creed expounded by the great ounder of the Democratic party, Thomas Jefferson. The application of these principles to our present condition, demands the purification of condition, demands the purification of the public service, the punishment of the robbers of the public Treasury, the equalization of all public burdens, the arrest of profligacy and extravagance that corrupts the administration of pub-lic affairs and a total change in the polcy that has so long been pursued by the Rephlican party; favoring individu-al and class interests, at the expense of the laboring and wealth producing people of the country; and we announce previous declarations for stable money, the gradual extinction of the of the public debt, and the payment of pensions to disabled soldiers, their wid-ows and orphans. Second—We favor a tariff for revenue

limited to the necessities of Government economically administered, and so adjusted in its application as to prevent unequal burdens, encourage productive industries at home, afford just compensation to labor, but not create or foster

Third—The act of the Republican Con ress reducing a tariff on wool, while at the same time increasing it on wooler goods, already highly protected, was iniquitous legislation, discriminating in favor of monopoly and against the agri-cultural interests of the country, and ought to be corrected; and we heartily approve the action of the Democratic members of the Ohio delegation in Con-

gress in voting against that measure. Fourth—The Democratic party is, a it always has been, opposed to sumptuary legislation and unequal taxation in any form, and is in favor of the largest liberty of private conduct consistent with the public welfare and the rights of others, and of regulating the liquor traffic and providing against the evils resulting therefrom, by a judicious and

properly graded license system.

Fifth—The abuse of the present contract system in our State Penitentiary, by which the products of the labor of convicts are brought in competition with the products of honest labor, to the great detriment of the latter, are injurious and unwise and ought to be cor-rected; and the promises of the Republi-can party to abolish this system are shown to be false and hypocritical, by its failure to do so while it has had the

Sixth-The protection of the Govern ment is due to all American citizens, native and foreign born, at home as well as abroad.

Seventh-We reaffirm the resolutions of the state conventions of Ohio in 1880, '81 and '82, and of the Democratic Na-tional Conventions of 1872, '76 and '80, demanding a thorough reform and purification of the Civil Service, and charge that the Republican party has violated every pledge it has heretofore given for the reform thereof, and has failed during its iong administration of the Government, to correct even the most crying abuses, and we demand, therefore, adhance in the Kyaentiya administraa change in the Executive administra-tion of the Government itself, as the reform first of all necessary (as made still more manifest by the recent Star route trials), thereby ousting corrupt rings confederated to protect crime and pre-vent the punishment of criminals, and by so doing to make it possible again to punish fraud and theft in the public

A RICH part of the Dorsey correspond ence is this from Deacon Richard Smith of the Cincinnati Gazette:

now tell you that as matters are go ing in Indiana and Ohio, we are beaten in both States. There should be \$50,000 judiciously placed in each State within the next ten days, and two-thirds of it should be preserved for use on election day. RICHARD SMITH.

STATE OF OHIO. EXECUTIVE DEPARTMENT, COLUMBUS, Sept. 16, 1883. Hon. Richard Smith, Cincinnati, Ohio Dear Sir: I have given the subject of our finances some attention, and have received and am promised \$15,000. We ought to have \$40,000 obtained-\$10,000 of it for Cleveland-and am trying to get hold of some of your men who can contribute liberally. I hope to have your sympathies in my visit to Cincin-nati. Yours, very truly, Chas. Foster.

A Remarkable Case,

Dr. Hartman—Dear Sir—I am indu-ced by a sense of duty to the suffering to make a brief statement of your re-markable cure of myself. I was a most miserable sufferer from the various as noying and distressing diseases of del cate*persons, which confined me to be for a long time, being too weak to bear my weight upon my feet. I was treated by the most reputable doctors in our city, each and all saying they could do nothing for me. I had given up all hopes of ever getting well. In this condition I began to take Manalin and Person of the contract of the condition of the c runa, and am most happy to say, in three months I was perfectly well, entirely cured without any appliances or sup-port of any kind. Yours truly, MRS. HENRY ELLIS, 500 Scott St., Milwaukee,

Dr. Lewis, Democratic candidate for State Senator, made a speech in Car-rollton a few days since. That settled his case in Carroll county.—Review.

Yes, probably settles his election as an asserted fact. But the people of Carroll county are more interested this year in rebuking a certain railroad wrecker and bank stockholder robber.—[Alliance Leader.

Hay Fever.

For twenty years I was a sufferer from catarrh of the head and throat in a very aggravated form, and during the summer months with hay fever. I pro-cured a bottle of Ely's Cream Balm and after a few applications received decided benefit—was cured before the bottle was used. Have had no return of the complaint. CHARLOTTE PARKER, Waverly,

JOHN SHERMAN, is the great econo mist of the age. His history shows how an average man on an average salary of \$5,000 per annum can in twenty years be worth seven million dollars. Joan's frequent whitewashings have kept him pure, it is presumed.—[Exchange.

REPUBLICAN HARMONY.

Bro. Binkley, editor of the Sidney Journal, after a pilgramage to Colum-bus for "aid" for Shelby county, thus goes for the Republican candidate for

United States Senator: Republicans in Democratic counties are orphans. They have not even got a Poster father. The Journal has for some time warned Republicans of Democratic counties to

tay away from Columbus.

The sooner it is known whether the Republican canvass is managed for the success of the party or the personal in-terests of Governor Foster, the better. What is a little matter of \$100,000 or \$200,000 to the State of Ohio if a county an furnish two members of the Legisla

can furnish two members of the Legisla-ture who will vote for Governor Foster for Senator. Pshaw. At the same time that Governor Foster is scaling walls and prancing over house tops, brandishing the tomahawk and scalping knife, and threatening to massacre the Republicans who mention the Senatorial question, he has his agents peregrinating the State, knocking down en of ability and integrity who aspir to be candidates for the Legislature, and nominating nincompoops, who, if elec-ted, he will either be able to control or buy. - Sidney Journal, Rep.
